

Wisteria Park HOA Spectrum TV & Internet Service

Wisteria Park Homeowners,

Your HOA Board has negotiated an updated TV and Internet Service Master Agreement with Spectrum.

The highlights of our new agreement are:

- A lower fee that is substantially below Spectrum's retail rate.
- Significantly improved internet service to Spectrum's "Advanced Community WiFi Ultra (500 Mbps x 20 Mbps)".
 - For most of us, no action is required to receive this improved service level. Spectrum will reach out to you if you need to upgrade your Wifi modem/router.
- An additional 23 Digi, 11 Sports & 2 "Select" channels. See next page...
(note: you may have to reboot your Set Top Box to access these new channels)

Spectrum will continue to provide & support:

(Homeowner is responsible to return hardware to Spectrum when terminating service due to move, etc.)

- 1 Set Top Box (STB)
- 1 STB with Digital Video Recorder (DVR)
- 1 WiFi modem/router

Homeowners can continue to purchase personal Spectrum Service add-ons such as telephone and premium channels (HBO, Showtime, Cinemax, etc).

If you need Spectrum support, call 833-949-0036.

FYI,

Wisteria Park HOA Board
